

# Retail Security

## Retail Security

Retail store owners across the country rank the safety of their clients, customers and employees as a priority concern, second only to loss prevention. Prince Security Services understands the importance of working with each client to develop a security program that will address the specific security issues unique to the client's needs. Prince Security Services is dedicated to making the retail environment a safer place while reducing the number of thefts that are increasingly reported from store owners.

Many of the day-to-day crimes reported by retail establishments are committed in the parking lot areas, simply because parking lots are easy targets and common at all retail facilities. Crimes committed in parking lots include purse snatchings, pick-pocketing, abductions, carjacking, breaking into vehicles, vandalism to vehicles and often times stolen vehicles. Criminals will take advantage of every opportunity to commit these type of violent crimes in parking lots because they are often time not patrolled on a continuous basis. The presence of security officers patrolling parking lots has reduced the number of crimes reported in retail parking lots.

Shoplifting in retail establishments is also a serious concern for retail establishments. The presence of uniformed and plain close officers in retail stores is the number one tool for deterring theft from customers and staff. Prince Security Services is ready to equip your business with the tools you need to keep you safe and prevent loss of merchandise. Some of the additional services offered by Prince Security Services to retail establishments are:

- Licensed, uniformed guards
- Pleasantly greet customers
- Conduct bag checks, as requested
- Conduct surveillances
- Monitor CCTV
- Open doors for deliveries of merchandise
- Assist with evacuation procedures in case of fire or other emergencies
- Protect property and merchandise
- Politely escort unruly customers from premises
- Call local police for emergency situations
- Conduct Fire Watch services
